#### REGISTRATION FOR ONLINE SESSIONS

#### **In-Service Skills' Enhancement Programme (ISEP) for Educators:**

To remain at the forefront of the education sector, it is crucial for educators to stay updated with the latest advancements. Additionally, as a policy requirement, every education professional must engage in 50 hours of Continuous Professional Development (CPD) annually.

The In-Service Skills Enhancement Program, presented by the VidyaDaan Foundation, represents a significant initiative to fulfil this requirement. We are pleased to have trained over 15,000 teachers across India and are committed to extending this opportunity to educators from CBSE, ICSE, and State Board schools.

We invite you to join our weekly one-hour Free online teacher capacity building program, which is designed to enhance teaching skills, provide updates on the latest educational trends, and equip educators with the essential tools needed to excel in their roles. The sessions are both engaging and informative, delivered by industry experts.

For registration follow the guidelines below:

| DATE & DAY             | TIME                | TOPIC                                 | RESOURCE PERSON          | REGISTRATI<br>ON LINK      |
